No. 127.015.

Rank, Corpl

Company, B

Regiment, 54th Mass Vol.

State, Miss Colrd Troops

EXAMINING SURGEON'S ADDRESS:

Post office, Chester Co

County, Pa

State,

Date of examination, , 188 .

Present rating.

The applicant states that he is now paid at the agency for a 1/2 per month *disability, on account of* Gun shot neck, *and that he applies for increase on the ground that* disability has increased

That the present rating is unjustly low, or that there has been actual increase of the disability.

Particular description.

He states that he is 51 *years of age, that he weighs* 105 *pounds, and that he is* 5 *feet* 3 *inches in height.*

His pulse-rate per minute is 72, *his respiration* 16, *and his temperature* 98°.

The surgeon should not recommend increase excepting for one of two reasons—that the present rating is unjustly low, or that the disability has really increased. In either case the reasons for changing the present rating should be clearly set forth, and should include a full statement of the physical and rational signs.

The examination reveals the following conditions:

Ball entered to left of Median line of neck passing through trapezius muscle, bulge, under the skin and fascia just behind the angle of the jaw: to left side, where it now rests, making the fingers tingle to remove it, but applicant firmly declines such attention. Applicant alleges that this causes him pain and stiff neck

disability probably increasing.

Taken at 1/2 degree from date.

Sec. 4, Act July 25, 1882. . . . . "That all examinations shall be thorough and searching, and the certificate contain a full description of the physical condition of the claimant at the time, which shall include all the physical and rational signs and a statement of all structural changes. The fee for such examination and *satisfactory certificate* thereof, shall be two dollars," &c., &c.
No certificate will be considered satisfactory, or such examination paid for, unless the above requirements of the law are satisfied.

Judging from the condition and history of the claimant, it is our *opinion the disability was incurred in the service as claimed, and that it is not aggravated or protracted by vicious habits.*

We find the disability as above described to entitle him to a 1/2 degree. *rating.*

My Dear Sir:-

Inclosed please find affidavits of Hannah Mary Melton, James Cole, Alfred Cole and Willis Taylor Morris and the certificate of death of Abram Glasco completing the ppoofs called for in your letters hereto attached in the claim of H. S. Dixon, Guardian of the minor children of Abram Glasco, deceased.

As I have drawn the affidavits for the witnesses and am responsible for the spelling of the name referred to in your call of Oct. 19th and the guardian has no personal knowledge concerning the matter I hope you will accept this letter in lieu of any affidavit from him. I find from the family record kept by Lydia A. Glasco, the wife of Abram Glasco, that she spellod the family name Glasco which I considered the correct method of spelling it, although I am informed that her husband spelt the final syllable "gow" and it is quite commonly spelt in that way and with the final syllable "cow" by other members of the family.

There is so little writing done by colored people that it is difficult to get any further verification. As the different methods of spelling have the same sound under the decision the variations would be immaterial. The children are in in need and I hope you will give the case prompt consideration and allowance.

Yours very truly,

Affiants should state how they gain a knowledge of the facts to which they testify

Instructions—Read Carefully.

Under the order of the Commissioner of Pensions number 225 in the preparation of testimony in support of claims in pension cases, all statements affecting the particular case and not merely formal, must be written or prepared to be typewritten, in the presence of the witness, and from his oral declarations then made to the person who then reduces the testimony to writing or then prepares the same to be type-written. And such testimony must embody a statement by the witness that such testimony was all written or prepared for type-writing (as the case may be) in his presence, and only from his oral statements then made; stating also the time, place, and person, when, where and to whom he made such oral statements, and that in making the same he did not use, and was not aided or prompted by any written or printed statement or recital, prepared or dictated by any other person; and not attached as an exhibit to his testimony

On the first day of January 1895 we were working at Barclay Cope's dam in the township of East Marlborough cutting ice. Abram Glascow with whom we are both well acquainted for years was also working on the dam on that day. He was cutting ice on the dam and we were loading a wagon at the bank when we saw him fall on the ice. We went to him and found that he was dead. From the suddenness of his death and his appearance after death it is our opinion that he died of heart disease. We carried him to his home. From our acquaintance with him and his family and his statements, the said Abram Glascow was the father of Abram Windle Glascow and Mary Dell Glascow minors under the age of sixteen years at the time of his death, and the said Abram Glascow was the same person who served in Co "B" 54 Reg't Mass. Vol. Infantry during the Civil war. The foregoing statement was prepared for the typewriter in our presence from our oral statements made to Geo. B. NOTE.—Affiants should state how they gain a knowledge of the facts to which they testify.

In reference to the discrepencies in the spelling of the names of the names of the deceased soldier and his children, they are merely usual and customary variations in the spelling of said names giving the same sounds and referring to the same identical persons mentioned in said claim and affidavit, but the soldier and his children were illiterate colored people unaccustomed to accurate writing or spelling. The name of the soldier given in the marriage record is Abram Glasco and that of his children taken from the record in the family bible are as follows, viz:- George Washington Glasco was born June 6th 1880, Abraham Windle Glasco was born July 28th 1882, Mary Adella Glasco was born December 13th 1886. and this was believed to be the correct methods of spelling the several names referred to in the letter of February 4th hereto attached. The name Mary Dell is a short form for the correct name Mary Adella Glasco and by it she was usually called by her family and acquaintances. The foregoing testimony is based upon the knowledge of the facts referred to therein gained by an acquaintance with the family and the usual ways of spelling their names in the community in which they lived and inspection of the family records and marriage records referred to therein and were written in my presence and only from my pral statements then made on April 29th. 1898, at Kennett Square to George B. Johnson and in making the same I did not use, and was not aided or prompted by any writing or printed statements or recital prepared or dictated by any other person. My Dear Sir:-

In compliance with your communication of Nov. 27, '95 and April 7, '96 I inclose herewith the affidavits of James P. Mercer, Joseph Cameron, Sarah Emma Clarkson, Hannah Mary Melton and Townsend Raymond, also the certificate of Ellwood R. Green, the present custodian of the Docket of Alban Webb, Esq., deceased, and the nearest Justice of the Peace to his former residence. This docket entry is the only record evidence in existence of the marriage or birth of children in the case and I have given you the best evidence obtainable. I find that Abram Glasco is probably the correct spelling of the name and that I was in error in adding the final w in the papers. It is frequently added in the spelling of this name and as the sounds are identical and the identity of the individual fully established I hope you will accept this answer. I believe that I have fully complied with your request and respectfully request you to make prompt allowance of the claim as the minor children are badly in need of the trifling sum allowed.

Yours very truly,

Geo. B. Johnson.

Hon H. Clay Evans,

Commissioner of Pensions, Washington, D. C.,

My Dear Sir:-

In reply to your favor of Nov. 23rd 1897, concerning the pension claim No. 622616 I inclose you herewith the amended declaration which gives the correct date of the birth of Abram Windle Glasco to whom I presume your letter refers to although it mentions the mother's name as July 2, 1882. This date is taken from the family record as shown by the evidence of Hannah Mary Melton filed in the case. I beg leave to file this amended declaration under your present rules as of the date of the original filing in view of the alleged failure of the claimant to sign the original declaration. He feels sure that he did so sign it at the time it was sworn to and it would be cruel hardship to these helpless minor children to deprive them of their pension on account of a mere clerical error. Their father was wounded in the gallant charge on Fort Fisher and while we could not prove that he died in consequence of his wounds his children should not be deprived of the pittance allowed by law toward their maintenance.

Yours very truly,

Geo. B. Johnson.

My Dear Sir:-

Inclosed please find supplemental affidavit of H. G. Dixon, Guardian of the minor children of Abram Glasco, deceased, in the matter of Minor's Pension claim No. 622616.

Abram Glasco the father of these minor children was a private soldier who took part in the heroic capture of Fort Wagner and was born on the pension rolls at the time of his death, but the application of his minor children was delayed on every pretext by the last administration. The letter attached to the affidavit dated Feb. 11th was not mailed to me by the former Commissioner until in March 1897 and I waited the readjustment of the rules of your department in order to avoid depriving the minors of their pension from the time of the original declaration as was evidently designed by the former Commissioner. My best recollection of the original declaration is that it was filed under the act of June 27th. 1890 and I now beg the prompt consideration and allowance of the claim.

Sir:-

Referring to a declaration for minor's pension under the general law, in behalf of Henry G. Dixon, guardian of the minor children of Abraham Glasco or Glasgow, late of Co. "B", 54th Mass. V.I., (Inv. Ctf. #127,015), which contained a power of attorney in your favor, filed in this Bureau Sept. 27, 1895, you are advised that the same is informal in its execution.

The certificate of identification is signed by Hannah May Melton and Richard Grace, but the name of the latter was omitted from the body of the same, and it would therefore appear that he was not sworn to the certificate by the executing officer.

If, however, Mr. Grace aforesaid did appear before Chas. C. Hadley, Notary Public, Chester County, Pa., on Sept. 18, 1895, the date of the execution of the declaration, and was sworn to the said certificate of identification, the filing of his affidavit to that effect will cure the informality referred to. ACT OF JUNE 27, 1890.

IMPORTANT

TO GUARDIANS OF PENSIONERS OF THE UNITED STATES.

Section 4766 U. S. R. S., as amended by the Act of August 8, 1882, provides: * * * "But the payments to persons laboring under legal disabilities *may* be made to the guardians of such persons in the manner herein described * * *."

Sections 4783 and 5486 U. S. R. S., as amended by the Act of February 10, 1891, provides: "That sections 4783 and 5486 of the Revised Statutes be, and the same are hereby, so amended as to read as follows: 'Every guardian, conservator, curator, committee, tutor, or other person having charge and custody in a fiduciary capacity of the pension of his ward, who shall embezzle the same in violation of his trust, or fraudulently convert the same to his own use, shall be punished by fine not exceeding two thousand dollars or imprisonment at hard labor for a term not exceeding five years, or both, at the discretion of the court.'"

In case of United States *v.* Hall (98 U. S. 343) the Supreme Court used the following language: "Power to protect the fund (pension) from misappropriation, fraud, and unauthorized conversion to the use of another, and to secure its safe and unimpaired transmission to the beneficiary has been claimed and exercised through the whole period since Congress under the Constitution commenced to grant such bounties. * * * The United States, as the donors of the pensions, may, through the legislative department of the Government, annex such conditions to the donation as they see fit to insure its transmission unimpaired to the beneficiary. The guardian no more than the agent or attorney of the pensioner, is obliged by the laws of Congress to receive the fund; but if he does he must accept it subject to the annexed conditions. The word 'guardian' as used in the Acts of Congress, is merely the designation of the person to whom the money granted may be paid for the use and benefit of the pensioners. The fund proceeds from the United States, and inasmuch as the donation is a voluntary gift, the Congress may pass laws for its protection certainly until it passes into the hands of the beneficiary."

In order that the Commissioner of Pensions may determine whether payments of pensions to the guardians or committees of pensioners are being properly disbursed, the attached form of account will be required, correctly filled in and executed, with the voucher *next preceding the first day of January of each year*. In cases of failure to submit the account, payment on the voucher with which it is required and all subsequent payments will be withheld pending receipt of the account. In cases where the disbursements do not meet with the approval of the Commissioner of Pensions, payments will be withheld pending explanations by the guardians or committees, or pending such other action as the facts may warrant.

The statement must not include, either in case of receipts or disbursements, any items belonging to the wards and coming to the attention of the guardians or committees from sources other than payments of pensions.

The accounting required herein has no bearing or relation to the requirements of the courts appointing guardians or committees as to accounting to the courts, nor to the evidence of such accounting required by pension agents when the annual payments of pensions amount to more than $500 every two years.
